We care for our residents

We care for our staff, we care that there are fresh flowers in our foyers, we care that our carpet is a thicker pile than normal because it's softer on the feet, we care when it's someone's birthday, or when someone just wants a friend to talk to.

We care that all our residents are served only the finest home-cooked food, that there is always fresh water on hand, that their laundry is taken care of and that respect and dignity are given at all times.

**We're there,
because we care.**
